SUMMARY

Computer Science undergraduate (B.Tech, 2027) with hands-on data analyst internship experience in logistics and IT operations. Skilled in SQL, Python, Pandas, Excel, and Power BI for data cleaning, exploratory analysis, KPI reporting, and dashboard development. Worked with 10,000+ shipment records during a logistics internship and built analytics projects using datasets with 1,470 employee records and 9,994 retail transactions. Developed a Python, Tkinter, and SQL based IT Asset Management System for 10,000+ synthetic/demo assets with database-backed asset lifecycle tracking. Seeking a data analyst or business intelligence role where I can apply analytical and problem-solving skills to operational and business data.

EDUCATION

Guru Gobind Singh Indraprastha University

New Delhi, India

B.Tech, Computer Science and Engineering | CGPA: 7.29/10

St. Joseph's School, NTPC Kahalgaon

Bihar, India

Senior Secondary (CBSE) — 67.2%

SKILLS

- **Languages & Databases:** SQL (PostgreSQL — joins, CTEs, window functions, aggregations), Python, Java
- **Python for Analytics:** Pandas, NumPy, Scikit-learn, Matplotlib
- **BI & Reporting:** Power BI (DAX, Power Query, data modeling, drill-through), Advanced Excel (Pivot Tables, Power Query, LOOKUPS)
- **Techniques:** Data Cleaning & Validation, EDA, KPI Design, Statistical Analysis, Trend & Cohort Analysis, Dashboarding

EXPERIENCE

NTPC Limited

Jul 2026

IT Department Intern

Kahalgaon, Bihar

- Completed a 1-month internship in the IT Department at NTPC Kahalgaon, gaining practical exposure to IT operations and organizational systems.
- Developed an IT Asset Management System using Python, Tkinter, and SQL to manage 10,000+ synthetic/demo assets, assignments, status tracking, and administrative access.

A&D Global Freight Pvt. Ltd.

Jun 2025 – Jul 2025

Data Analyst Intern

Delhi, India

- Analyzed 10,000+ logistics and shipment records using Python, SQL, and Excel to identify delivery delays, bottlenecks, and process inefficiencies.
- Performed data cleaning, validation, transformation, and reporting to improve data quality, consistency, and analytical accuracy.
- Created reports and dashboard-ready datasets to track shipment performance, delivery timelines, and operational KPIs, supporting data-driven decision-making.

PROJECTS

Employee Attrition Analysis & Prediction

Python, Scikit-learn, SQL, Power BI

- Modeled attrition across 1,470 employee records using logistic regression, identifying overtime, low tenure, and pay band as key predictors.
- Built a Power BI dashboard with custom DAX measures segmenting attrition by department, role, and tenure band for HR analysis.
- Handled preprocessing end to end — encoding categoricals, treating class imbalance, and validating feature distributions before modeling.

E-Commerce Sales Analysis Dashboard

Python, Pandas, SQL, Power BI

- Analyzed 9,994 retail transactions, 5,009 orders, and 793 customers, covering INR 2.30M total sales and INR 286K total profit to identify business trends.
- Designed a 4-page KPI dashboard covering revenue, profit, regional performance, product mix, customer metrics, and sales trends.
- Cleaned and transformed raw sales data in Pandas, standardized dates, and engineered profit-margin and order-frequency fields.

NTPC IT Asset Management System

Python, Tkinter, SQL

- Developed a desktop IT asset management system for 10,000+ synthetic/demo assets with SQL-backed records and administrative authentication.
- Implemented Add, Search, Update, Assign, and Delete operations with real-time asset counts and password-protected admin actions.
- Designed a 4-table relational database covering assets, employees, users, and asset assignments for structured asset lifecycle tracking.

POSITION OF RESPONSIBILITY

Execution Head · ShutterFly (Official Media Society of GTB4CEC)

2025 – 2026

- Led media planning and on-ground execution; organized the Freshers' Event for 500+ students, managing logistics, volunteers, and venue operations.

CERTIFICATIONS

- **Samsung Innovation Campus** — Artificial Intelligence (Samsung) — Dec 2025 – Mar 2026
- **Data Visualisation: Empowering Business with Effective Insights** (Tata Forage) — Mar 2026
- **Quantitative Research Job Simulation** (J.P. Morgan Forage) — Feb 2026
- **Data Analytics Job Simulation** (Deloitte Forage) — Feb 2026
- **Complete SQL: Beginner to Advanced SQL Tutorial** (Udemy) — Start-Tech Academy — Jul 2025

EXTRA-CURRICULAR

- **Gold Medalist** — Intra-College Men's Football Tournament, GTB4CEC College
- **Bronze Medalist** — Inter-College Men's Kho-Kho Tournament (GGSIPU)
